

SUMITA NAGOTHA

FULL STACK DEVELOPER

+91 8160325152  
sumi.sparkal@gmail.com

SKILLS

FRONTEND: HTML | CSS | Bootstrap | Tailwind CSS | JavaScript (ES6+) | React.js | Next.js | Redux Toolkit

BACKEND: Node.js | Express.js | REST API | JWT Authentication ,

DATABASE: MONGODB | MYSQL

TOOLS -TECH: Git | GITHUB | POSTMAN | SOCKET.IO DOCKER | KUBERNETES | AWS | REDIS

AI INTEGRATION: OpenAI | Gemini APIs

SOFT SKILL: Communication | Teamwork | Problem Solving

EDUCATION

2022-2025

Maharaja Krishnakumarsinhji Bhavnagar University

Bachelor of Computer Application (BCA)

Grade : A+ (8 CGPA)

TOOLS AND

PROJECTS

MULTI-AGENT SYSTEM (MERN | Docker | Kubernetes | Redis)

- + Built a Multi-Agent System where multiple AI agents collaborate to automate task workflows and improve decision processing efficiency.
- + Designed microservice-style architecture using Docker containers and deployed on kubernetes for scalability.
- + Implemented Redis for caching and real-time coordination between services.

AI BATTLE ARENA (MERN | Socket.io | OpenAI / Gemini APIs)

- + Built a AI battle platform where multiple AI agents compete using OpenAI/Gemini APIs.
- + Integrated Socket.io for live communication between users and AI agent
- + Designed interactive UI for monitoring AI responses in real time with dynamic result visualization

E-COMMERCE STORE MERN | Tailwind css

- Developed a ecommerce platform with separate Admin, Seller, and User dashboards.
- product management, authentication, & responsive UI with secure backend APIs.
